	Carolina.)	

This matter comes before the Public Service Commission of South Carolina ("Commission") on the Petition of Verizon Avenue Corp f/k/a OnePoint Communications-Georgia, LLC and OnePoint Communications-Georgia, LLC d/b/a Verizon Avenue ("Verizon Avenue" or the "Company") to cancel the Company's Certificate of Public Convenience and Necessity ("Certificate") to provide telecommunications services in the State of South Carolina. A review of the Commission's records reveals that the Commission granted Verizon Avenue authority to provide intrastate interexchange, local exchange and exchange access telecommunications services by Order No. 98-736, dated September 23, 1998, in the Company's former name of OnePoint Communications-Georgia, LLC. Thereafter, the Commission issued Order No. 2002-410, dated May 31, 2002, which approved a modification of the Company's name to OnePoint Communications-Georgia, LLC d/b/a Verizon Avenue. Lastly, by Order No. 2003-707, dated December 8, 2003, the

Commission approved a change in the Company's name to its present name, Verizon Avenue Corp.

By Petition filed February 22, 2006, Verizon Avenue requests cancellation of the Company's Certificate. According to Verizon Avenue, the Company is discontinuing the provision of telecommunications services in South Carolina effective May 1, 2006. Verizon Avenue asserts that the Company presently has twelve (12) customers in South Carolina and that prior to discontinuance of such service, Verizon Avenue will provide at least sixty (60) days notice to the Company's customers. Verizon Avenue attaches to its Petition a copy of the customer notification, and Verizon Avenue advises that the Company intends to send this notification to each of its customers no later than March 1, 2006.

As Verizon Avenue will no longer be providing the services for which its Certificate of Public Convenience and Necessity was granted, the Commission finds and concludes that Verizon Avenue's Certificate of Public Convenience and Necessity to provide local exchange and interexchange telecommunications services in the State of South Carolina should be cancelled.

IT IS THEREFORE ORDERED THAT:

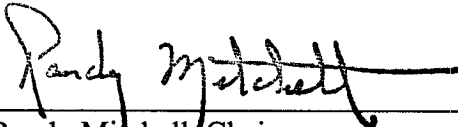

1. The Certificate of Public Convenience and Necessity to provide intrastate local exchange, exchange access and interexchange telecommunications services in the State of South Carolina authorized by Order No. 98-736, dated September 23, 1998, and as amended by Order Nos. 2002-410 and 2003-707 issued in the instant docket to

MARCH 3, 2006
